Alliance South MH&A Network update		<p>The business plan has been accepted and will roll out early next year.</p> <p>The two pilots in South Otago and Southland Youth Services have now formed their working groups and they have their first meetings in the next few weeks.</p> <p>Website – this will now be linked in with the SDHB plan to link in with</p>		
School Setting	<p>Discussion if the behaviours showing at a lot of our Schools should be something this group would do a programme around or should this be wider. Public Health Nurses agreed that there are issues with a lot of our young people and this can be around relationships, the lack of whanau support in area, no referral options, adult stress, parents inability to provide adequate parenting</p>	<p>Duncan talked about software that could be developed to record feelings that could be used by Schools. This would collect data to move forward with any work within this sector.</p>		
Services	<p>Jigsaw and Queenstown Lakes Family Centre run a full capacity for their contract. Is this wider and should MSD, MOE and NGO also be included in finding a solution.</p>			
Credentialing	<p>Discussion is happening with WellSouth to work with practice nurses and the NZ College of Nurses to run Credential workshops later next year around mental health.</p>
